### Action Taken Report on Feedback

2018-2019

From the analysis of the feedback, the Principal and CLMC decided to take up the following actions with priority;

1. Infrastructural developments: The proposal for construction of a college hostel will be submitted to concerned authorities. Development of various sport courts and gym facilities will also be considered. These initiatives address concerns about increased student accommodation and enhanced facility quality, improving the overall campus environment.
2. Differently-abled friendly campus: Ramps, and accessible washrooms will be installed to ensure accessibility for students with disabilities, fostering a more equitable learning environment.
3. Conduct of gender sensitization programmes: Workshops, programmes, seminars and webinars on gender sensitivity and sexual harassment will be conducted for faculty and students to raise awareness and promote respectful interactions, contributing to a safer and more inclusive campus culture.
4. Purchase of books and journals: Measures will be adopted to acquire new books and journals across various disciplines, meeting student requests and faculty recommendations.
5. Renovation of classrooms and laboratories: Renovation work is a continuous process and the institution is bound to provide better classroom and lab facilities to enhance both the quality of education and research opportunities.
6. Revamping of college website: The website will be redesigned with a user-friendly interface and incorporated features like online feedback forms for faculty and students, online grievance and redressal forms etc. The Student Satisfaction Survey (SSS) will be seamlessly integrated.
